ISSUE #001

RECENT HIGHLIGHTS

PRESIDENT'S NOTE:

100 BMIE is on the move! We are excited to welcome our new administration and president Gentleman Dr. David Morrow. 100 BMIE just completed it's online Hands on Banking Program sponsored by Wells Fargo Bank. Our STEM Academy is in full swing this summer. Visit our website for more details, 100bmie.org.

100 BMIE has adapted to the pandemic and is providing virtual learning to the mentees. However, it is important to stay so we are following our National Headquarters and the CDC by providing virtual programs for our mentees.

MORE ABOUT OUR PROGRAMS

100 BMIE ZOOM Hands On Banking Program provided a wonderful financial opportunity for about 40 of our youth. Hands On Banking is funded by matching grant funds from Wells Fargo Bank and 100 BMIE. It provided real financial literacy to our youth.

100 BMIE Saturday Academy is focused around our Four for the Futures, Education, Health and Wellness, Mentoring, and Economic Empowerment programs. It also provides an outlet for our youth to share how they feel from those interactions. These programs are generally done on Saturday mornings.

HIGHLIGHT REEL:

Special recognition to our own member Gent. Fred Edwards and his spouse with their son Kessler Edwards getting drafted in the second round of the NBA draft. He was drafted to the Brooklyn Nets! Kessler attended school here in the Inland Empire, at Etiwanda High School, where he was a Baseline League Scholar Athlete. He received a full scholarship to Pepperdine University. Congrats!!
